

REQUEST FOR QUOTATION (RFQ)

Site Clearance

RFQ #: E & SD 02/2025	CLOSING DATE: Friday, 30 May 2025, 17h00	PROJECT: Site Clearance	TO BE SUBMITTED TO: Kouga Windfarm Community Development Trust (KWFCDT) ON THIS EMAIL: INFO@KWFTTRUST.CO.ZA
---------------------------------	--	-----------------------------------	--

RFQ DESCRIPTION

The Kouga Wind Farm Community Development Trust (KWFCDT) is inviting qualified service providers to submit quotations for site clearance services as part of the infrastructure development project of building a new primary school for the Kouga Circuit in Humansdorp.

The scope of work includes manual and mechanical clearing of designated areas, safe disposal of vegetation, and adherence to local environmental and safety regulations. Service providers must ensure responsible handling of cleared materials, including community firewood distribution and waste disposal at municipal sites.

Full Site Clearance Scope

- **Clearing methods:**
 - Manual cutting with hand tools (saws, brush cutters) for smaller areas or delicate vegetation.
 - Mechanical clearing with handheld machinery (chainsaws, etc.)
- **Clearing sequence:**
 - Removal of large trees or stumps first, followed by smaller vegetation.
 - All cut trees and branches must be taken by hand to a central point outside the boundary fence.
 - From there it must be removed by means of trucks and bakkies to the various communities, where it will be made available to the residents for firewood.
 - Smaller cut branches and leaves must be taken to the local municipal dump site.
- **Waste disposal:**
 - Plan for the collection, segregation, and disposal of cleared vegetation according to local regulations.
 - Potential options include chipping, composting, or removal to a designated waste facility.

Safety Measures:

- SMME's will be responsible for the safety of their teams.
- SMME's will be responsible for their own PPE, such as safety glasses, gloves, hearing protection, high-visibility clothing, sturdy footwear

Quote should be done per 625m² block (25m x 25m).

A site visit and briefing will be held on Monday, the 26th of May, at 12:00pm for interested providers to assess the area and discuss methodology. Please see a map of the site below.

Site Location: Erf 3298, along the R102, Humansdorp, Eastern Cape
